ABOUT MYSELF

Enthusiastic and fast-learning Software Developer with hands-on experience in Django, JavaScript, and Git. Passionate about creating web solutions that are user-friendly and maintainable. Looking to contribute to a collaborative team and grow in a challenging software engineering role.

WORK EXPERIENCE

BDYouth.com – Dhaka, Bangladesh

City: Dhaka | **Country:** Bangladesh

Junior Software Engineer

[01/08/2019 – 31/05/2021]

I worked on back-office systems like an Inventory System, Accounting System, Production Management, POS System and General Store.

- Develop back-end and manage REST APIs.
- Analyse code defects and failures, presenting refactoring and design fixes.
- Design and implement new systems.
- Collaborate with team members.
- Analyse full project requirements to formulate and implement object-oriented programming solutions that address those requirements efficiently and effectively.
- Develop and conceptualise a comprehensive UI/UX design strategy.
- Analyse existing code for re-engineering.

EDUCATION AND TRAINING

Secondary School Certificate

Mukul Nekaton High School [01/01/2001 – 11/05/2011]

City: Mymensingh | **Country:** Bangladesh

Higher Secondary Certificate

Advanced Residential Model College [01/06/2011 – 03/08/2013]

City: Mymensingh | **Country:** Bangladesh

Bachelor of Science in Computer Science and Engineering

University of Asia Pacific [17/04/2015 – 29/03/2019]

City: Dhaka | **Country:** Bangladesh | **Website:** <https://www.uap-bd.edu/>
